

HISTORY

It's been said the presbyterian church held its first church services on a hill north of Statesville. Could it have been around our neighborhoods? We're located near I-40 and west of I-77. There's a "hill" going up 115 north of I-40. Have you seen or heard anything like this?

I-40 and I-77 is also said to be an old Indian hunting trail.

Both the Iredell Public Library in Statesville, and the Mooresville Library have special rooms for historical books.

If you have some history of this area, please let us know at [SUBMIT](#) at the Home Page of Iredellwatch.org.
